VISUAL ARTS AND
VISUAL COMMUNICATION DESIGN M.A.
GRADUATE SCHOOL OF SOCIAL SCIENCES

Visuality has become pervasive in all aspects of life over the past century and has accelerated in recent decades, due to the proliferation of media-based communication devices, which can be observed to have a strong foundation in visuality. In the content-rich VAVCD Master's Program, we go beyond a purely traditional visual understanding/practice and try to integrate them with other creative outputs such as photography, 3D, sound design, media arts, and time-based studies that are implemented through the various building blocks of our curriculum.
